

Warren T Jackson Elementary IPAD Application Recommendation

Name of Application	Type	Description
Bluster!	English/ Literature	Kids can practice rhyming words, prefixes and suffixes, synonyms, homophones, adjectives, and more in this colorful and engaging word matching game. Choose between single player and team mode. (Free)
StoryBots Starring You StoryBooks	English/ Literature	The free version provides one book, with additional stories available for individual purchase or through a monthly subscription free. Though the app lacks sound and interactivity, the story lines are appealing and the photo creates a great practice opportunity (and motivation) for kids to read. (Free)
Toy Story	English/ Literature	This interactive read-along app allows kids to hear the story being read to them and record themselves narrating the text so they can listen to their own version as they flip through the pages. Games, finger painting, and sing alongs are fun bonus features. (Free)
Puppet Pals	English/ Literature	Allows kids to create their own unique shows with animation and audio so that digital storytelling is simple. Children can write their own scripts around original stories or demonstrate knowledge about a particular topic (sure beats writing a summary paragraph.) Best of all, Puppet Pals is totally free. (Free)
Spelling City	English/ Literature	SpellingCity is well known for its engaging spelling and vocabulary practice, and its mobile app doesn't disappoint. Add your own spelling words or use an existing list, including compound words, sound-alike words, and SAT vocabulary. 7 interactive learning games ensure variety and engagement. (Free)
Aesop's Quest	English/ Literature	Leveled for grades 2-6, these reading comprehension activities require children to remember elements of a story in order to advance in the game. Children practice a wide range of reading skills, from author's purpose to context clues. (\$0.99)
The Three Little Pigs-Nosy Crow Animated Storybook	English/ Literature	This classic fairytale seems to come alive through interactive features. In addition to lovely art work, an original soundtrack, and a narration conducted entirely by kids, this app offers lots of interactive opportunities. Find hidden characters, chase the pigs, and even blow down the houses by huffing and puffing into the iPad's microphone. (\$5.99)
Noodle Words HD	English/ Literature	With Noodle Words, emerging readers can make the word "spin" actually spin, and the word "jump" actually jump. Though the word sets are limited at this time, the appeal to young children, easy-to-use interface, and creative word play opportunities make the app a worthwhile purchase. (\$2.99)
Mathboard	Math	MathBoard is a highly configurable math app appropriate for all school aged children. Beginning in kindergarten, with simple addition and subtraction problems, through elementary school where learning multiplication and division can be a real challenge.
Concentration	Math	By yourself or against a friend, match whole numbers, shapes, fractions, or multiplication facts to equivalent representations. Practice with the clear panes or step up the challenge with the

Warren T Jackson Elementary IPAD Application Recommendation

		windows closed. How many socks can you win?
King of Math	Math	King of Math is a fast-paced mathematics game with lots of fun and diverse problems in different areas. Starting as a male or female farmer, you level up your character by answering math questions and improving your total score. New character design and music for each of the ten levels. Collect stars, get achievements and compare your scores against your friends and players all over the world!
Hungry Fish	Math	<p>Feed your fish and play with numbers! Practice mental addition and subtraction with Motion Math: Hungry Fish, a delightful learning game that's fun for children and grownups.</p> <p>Your fish is hungry for numbers. You can make delicious sums by pinching two numbers together – instant addition! Keep feeding your fish to win a level and unlock new colors and fins.</p>
Pizza 1	Math	<p>Pizza Fractions offers a simple, visually-based introduction to fractions for elementary school kids.</p> <p>In chef's pizzeria your child masters the concept of naming simple fractions using pizza picture examples. Designed for grade levels 2-6, Pizza Fractions provides introductory practice with fractions in an approachable game-like environment.</p>
Chicken Coop Estimation Game	Math	This hilarious educational game you will be shown a fraction and your job is estimate the decimal equivalent by placing a nest on a number line. Our hens are mathematical experts and they will fire their eggs towards the correct answer. If your estimate is good the eggs will be caught in the nest but if you're too far out it all gets very messy.
MathFraction	Math	The Fraction Math app can be used to teach and study fractions by solving addition, subtraction, and division & multiplication problems with fractions step by step.
So Brainy	Math	So Brainy! Free is unique, simple, challenging, intense, rewarding and, most of all, fun. This free version offers a ton of replay value with its nearly unlimited number of simple math challenges and competitive multiplayer mode. So Brainy! Free can be played on your own or with up to 3 other people.
Times Tables	Math	Memorizing Times Tables (multiplications tables) is important for children to advance in their math skill. We made MathApp - Times Table to help your child to memorize times table with more fun and challenging way by providing interactive, game-like environment.
Motion Math Zoom	Math	Motion Math Zoom's zoomable, stretchable number line is missing some numbers - it's up to your child to put the numbers back where they belong. The new game uses concrete objects to represent abstract numbers: from dinosaurs in the thousands down to amoebas in the thousandths. Fun animal animations and sound effects help elementary school children master the number line.
Equivalent	Math	This is a fun app, but when using it in "Automatic" mode, it's

Warren T Jackson Elementary IPAD Application Recommendation

Fractions		broken. The game gives you a fraction, and you must find equivalent fractions. Works great most of the time, but then it gives you 10/13. Unfortunately, you can't build an equivalent fraction because the denominator maxes out at 16, and the next equivalent fraction is 20/26. Would love it if that bug were fixed!
Educreations	English/ Literature	<p>Turn your iPad into a recordable white board to teach concepts from all areas of the curriculum. Lessons can be saved and shared via multiple platforms after they have been created using the iPad app or your browser. Lessons that other educators and students have created are available as well.</p> <p>Tip: Engage students in your content by having them explain concepts using the Educreations whiteboard. They can teach one another, review concepts, and create book talks using this interactive app.</p>
Toontastic	English/ Literature	<p>Characters and backgrounds come to life while students record their stories with Toontastic. Original drawings and art can also be animated and turned into cartoons and then shared with classmates, friends, and family members.</p> <p>Tip: Students can create their own animated cartoons to write stories, animate concepts, and share their ideas.</p>
Kidblog	English/ Literature	<p>Kidblog is designed for K-12 teachers who want to provide each student with an individual blog. Students publish posts and participate in academic discussions within a secure classroom blogging community. Students can write for an authentic audience in a safe environment. The interface is easy to use and student-friendly with choice of themes. Posts can be kept private within the "class" or made public. This blogging platform allows teachers to monitor all publishing activity within the classroom blogging community.</p> <p>Tip: Students become authors with Kidblog. They can share content, communicate with one another, and work cooperatively to publish their ideas.</p>
Learning with Homer	English/ Literature	Learn with Homer is designed by literacy experts for children ages 3–6.
Reading for Inferences	English/ Literature	Improve your reading skills with ReadingPrep! Practices will assess skills you need to improve. If you're unsure of an answer, touch the "Video" or "Text" buttons for help. The Mini Tests will challenge your knowledge of each topic, building your skills and confidence in ten minutes or less.
Sight Words for Reading	English/ Literature	This app helps students learn sight words, the most common words in children's literature. It covers a few words from both the Fry's

Warren T Jackson Elementary IPAD Application Recommendation

		and Dolch lists. Words are presented in context in fun videos. This helps learners understand the meaning of the words, which aids in reading comprehension.”
TapToTALK	English/ Literature	Give a non-verbal child or adult a voice! TapToTalk turns an iPhone™, iPad™ or iPod touch® into an augmentative and alternative communication (AAC) device. TapToTalk makes communication fun, like another “game” on this cool device. Just tap a picture and TapToTalk speaks. Each picture can lead to another screen of pictures.”
Alphabet Projector	English/ Literature	Why You Should Try It: Great for letter recognition practice for pre-school and Kindergarten.
ABS Magic Phonics	English/ Literature	This app will help your child learn the sounds of the letters of the alphabet, which are necessary for reading. Learning the sounds of the letters gives your child the tools for reading and helps them become better readers. A matching phonetic photo image is matched with each letter to help your child learn the sound of each letter.
Agnitus Games for Learning	Variety of Subjects	Academic skills based on the Common Core State Standards - Parental and classroom report cards for individual skills.
BrainPop Featured Movie	Variety of Subjects	This app does so by featuring a NEW informative and entertaining animated movie everyday, which is accompanied by an interactive quiz <i>and</i> gives new options for accessing its entire collection of movies and quizzes. The curriculum covers everything from Math, Science, Social Studies, English, Engineering, Technology, to Arts & Music, and Health. You can also choose an optional in-app subscription and enable kids to explore more than 750 videos right on their mobile devices. All of the movies are close captioned, so it’s easy for kids’ to read along.
OH! No! Fractions	Math	Swipe left or right to answer if the fraction on the left is LESS, GREATER or EQUAL than the one on the right. Peek at the visual solution before committing your answer or wait until later to prove it. Tap above each fraction to see if they can be reduced/simplified. Check the statistics of your practice runs. Control audio options and set the max denominator using the Setup menu via the Curious Helmet.
Phonics Genius By Alligator Apps	English/ Literature	<i>This app is specifically designed to help students recognize and distinguish words by sounds.</i> Phonics Genius is a reading teachers dream! All words are grouped by sounds that different letter combinations make. Letter/s-sound correspondences is one of the most common ways to learn how to read, and recognize words through <i>phonemic awareness</i> . This app is specifically designed to

Warren T Jackson Elementary IPAD Application Recommendation

		help students recognize and distinguish words by sounds in the beginning, middle, or end, of words. It has over 6,000 words strategically grouped into 225 categories. The professionally recorded words and super clean interface make this a terrific learning experience. This is one app that has been finding its way into the classroom and has a never ending shelf-life. Great for those struggling readers!
ABC PocketPhonics	English/ Literature	Kids can develop skills in letter sounds, writing, and first words with ABC PocketPhonics. Independent research has shown kids using this app can learn even faster than they would in a classroom lesson. Parents and teachers alike love this app as an early childhood learning tool.
Booksy	English/ Literature	Students in Kindergarten to second grade can learn to read on this free platform. Designed to help children practice and develop their reading skills, students can download books that help to build comprehension, give cues, and even track progress with detailed user stats.
My Word Wall	English/ Literature	Children can develop early reading skills with the help of My Word Wall, an educational app for budding readers. Students will hear, visualize, vocally repeat, and write down letters and words to learn, plus get engaged with educational activities that are great for all learning styles. Fun games and structured learning make this app a great choice.
Letter Lab	English/ Literature	An incredible tool for learning to write and recognize ABCs, kids will trace uppercase and lowercase letters with their fingers on this app. Letter Lab not only teaches kids to write, but also about real-world objects with an audio component.
Story Patch	English/ Literature	Teach students about the flow of stories by helping them to create their own. Story Patch for the iPad makes it easy for children to create their very own picture books. Customizable characters, hundreds of illustrations, and built-in story themes make this a very fun and engaging reading and writing app.
Learn to Read	English/ Literature	Kids can get a head start on learning to read with this app, designed for kids from Kindergarten to second grade. Using a flash card deck of sight words, children will develop the building blocks of reading. Voice prompts, examples, and easy-to-read text come together in this highly educational app.
Rock'N Learn Phonics	English/ Literature	With the Rock 'N Learn Phonics Easy Reader, little ones can practice their phonics. Short vowel sounds, combinations, memory words, and more are all covered in this app. Kids can choose whether a story will be read aloud to them and highlighted, or if they'll read by themselves, tapping words when they need help.
Reading Raven	English/ Literature	Reading Raven is a beloved reading game app for the iPad. A favorite of teachers and even Apple staff, the Reading Raven is a fun reading adventure guide offering excellent features for kids, teaching phonological awareness, full sentences, and even printing skills.

Warren T Jackson Elementary IPAD Application Recommendation

Finding the Word	English/ Literature	Kids will have fun playing word search on this easy-to-use educational app. Several different backgrounds and themes keep things interesting and engaging.
Aesop's Quest	English/ Literature	Aesop's Quest, Aesop the Ant reads through stories, revealing clues that help him in his quest. Little readers must remember important elements of each story to help Aesop along the way, developing reading comprehension and cognitive reading skills in a really fun way.
SUPER WHY!	English/ Literature	There's so much to love about this reading app. Featuring characters that many kids already love from the <i>SUPER WHY!</i> TV show, children can choose from several different activities that develop their vocabulary, reading, and writing skills. Letter hunts, tracing letters, rhyming, and completing sentences are just a few of the ways kids are engaged in active reading development in this app.
Read Me Stories	English/ Literature	Develop a daily reading habit with this app that delivers a brand new book every day. Fun features include text highlighting as it's read and the ability to touch characters and explore story lines.
Scholastic Reading Timer	English/ Literature	Encourage daily reading with this iPad reading timer that keeps track of reading minutes and monitors weekly reading goals. It works just like a real stopwatch, but it's fun for kids to see their reading minutes add up.
Kids Can Spell	English/ Literature	Using fun animal images, kids can learn how to spell with this app. Through Kids Can Spell, children will see many different animals with sounds and spelling lessons to back them up. They'll check out beautiful photos, then drag letters in place to assemble words. There's even a timed version for an added challenge!
Reading for Details	English/ Literature	Reading for Details is a great app for helping kids build reading comprehension skills. Students read passages, then test their understanding of the who, what, why, when, and where at three different levels of reading difficulty.
C is for COW	English/ Literature	With this app, kids can have fun learning phonetics and letter recognition. Even very young children love to see the animals, repeat their sounds, and learn their names.
K-3 Sight Words	English/ Literature	Children can learn "sight words" with the help of this app that focuses on words that must be memorized instead of sounded out. With five different levels, young users can gradually build their skills and word memorization.
Word Magic	English/ Literature	Created by the parents of a 5-year-old, Word Magic was designed with young readers in mind. Kids find missing letters that identify photos, featuring attractive and funny pictures. Parents and kids alike love this learning app for its positive reinforcement, bright colors, and simple design.
Starfall ABC	English/ Literature	Children delight as they see, hear, and interact with letters and sounds in words, sentences, and games. They learn to recognize letters and develop skills that will ensure they become confident leaders.

Warren T Jackson Elementary IPAD Application Recommendation

Make Change	Math	<p>Practice counting change and doing addition problems. A great visual learning tool for your iPad. UPDATED AND ON SALE FOR A LIMITED TIME!</p> <p>Slide coins across a surface of your choice. Stack change below the line until you have the amount shown on the register display and check your answer. If your total isn't correct, you can try the same problem again. The app will also show you the best way to count change so that you use the least number of coins.</p>
FlashGram	English/ Literature	<p>FlashGram is a fun way to quiz young children (even older ones) on their language arts skills. FlashGram contains over 100 grammar questions covering nouns, verbs, pronouns and adjectives. FlashGram is made up of short questions with touchable answers (no text input required). FlashGram is colorful and animated and will hold the interest of a young child.</p>
Math Bingo	Match	<p>Kids can get a BINGO by answering math problems correctly. There are a variety of games and levels of difficulty. You can also create player profiles and keep track of scores.</p>
